

April 24, 1975

CLERK: 28 ayes, 0 nays on motion to cease debate.

SPEAKER: Debate is ceased. Senator Chambers . . . is it Senator Warner's amendment, is it?

CLERK: Senator Chambers motion. No amendments.

SENATOR CHAMBERS: I was going to accept that vote that was up there. Members of the Legislature, I'm very serious when I offer this amendment and made this proposition. I know you're going to reject it. For the rest of this session and every session in here I'm going to tell you again and again what I think the function of the Legislature is, what I think our responsibilities are, what the powers of the legislative branch are. If necessary I'll document these things historically. Apparently I have a higher regard for what the Legislature should be than some of you. Mr. Clerk I'd like a record vote after this one is taken.

SPEAKER: Record vote has been called for. The question is shall the Chambers motion be adopted. Clerk will record.
